Dear Mr. von Kleinsmid:

John A. McCone, Director of Central Intelligence, asked me to express his thanks for your letter of 22 January 1962, inviting him to be the principal speaker at the thirty-ninth Institute of World Affairs, sponsored by the University of Southern California in cooperation with the colleges and universities of the Pacific area, during the period 2-5 December 1962.

Mr. McCone regrets that he may not accept because of his firm policy not to make public addresses during the next several months. He asked me to express his thanks for the copy of Dr. Robinson's working outline and to wish the Institute of World Affairs a very successful meeting.

Sincerely,

/s/
